

## ADMIRALTY COMMITTEE

### August 2<sup>nd</sup> Docktail Party & Meeting at Grand Cay, Bahamas

The threat of outer rain bands and winds from tropical storm Bertha did little to dampen the festivities at the dock. The resourceful group bungee-corded the picnic tablecloth, weighted-down paper products, and proceeded to devour the hors d'oeuvres and liquid refreshments. Member attorneys from Martin County and their guests were joined by others from Palm Beach County, with about 20 in attendance.

Barbara Cook  
Chair

We consumed 200 conch fritters made by Red's local take-out, a gallon of chile from Sam's, various accompanying chips and sauces, as well as a wide variety of liquid refreshments brought from the states on Coyote Moon, the official boat host. By a fortunate stroke of serendipity, the rain held off until 10:00 p.m. to coincide with the official ending time of the party.

Hope you will join us when we make the trip again next summer!
